

# Northway School Uniform

When agreeing our School Uniform Policy Parents, Governors and Staff were keen to ensure peer pressure to wear 'branded' clothes or shoes did not become an issue at Northway.

We believe that school uniform ensures all pupils feel as if they belong to Northway. It demonstrates that all pupils are equal and does away with the *'I am better than you because I am wearing £70 trainers'* attitude.

Children have worked so hard this past term on punctuality and attendance and this has really impacted positively on **their smart attitude for learning**. Next half term we are going to work on a **smart appearance** which will also benefit their **smart learning attitude**.

We are looking for **smart uniform**.

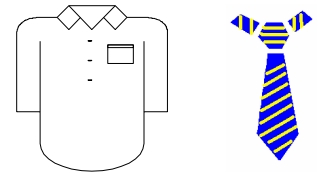

We expect all parents to support this position by ensuring that they send their children into school wearing the correct school uniform including school shoes **at all times**.
